

SWINEBROAD TO SELL M. A. COLLINS FARM

Famous Real Estate Dealer To Conduct Big Sale In Madison At An Early Date

Col. G. B. Swinebroad, the famous land salesman of Garrard county, will sell the M. A. Collins farm on the Big Hill pike May 4th. Col. Swinebroad, was in Richmond Friday arranging affairs with Mr. Collins, and will soon have full details of the big sale that he will put on, in the advertising columns of the Daily Register. The Collins farm is about four miles from Richmond and is all tobacco land. It will be cut up in small tracts, it is understood. There are about 94 acres in the farm.

Col. Swinebroad has made a great reputation over Kentucky with his successful land sales. His motto is "Swinebroad Always Sells" and another reason for his phenomenal successes have been that the buyers and sellers are assured of a square deal to all.

Col. Swinebroad confirmed reports that another tobacco warehouse is to be built in Lancaster before the coming season. He predicts that tobacco will be as high or higher next season than it was this, and looks for continued high prices for all farm products.

STRIKE SITUATION

(By Associated Press)

New York, April 16—Leaders in the railroad brotherhoods today renewed attempts to settle the strike of rebellious railroad workers before the ultimatum of the railroad managers to the "outlaws" threatening to fill their posts with volunteers and cut off the consideration of strikers, which expires at noon tomorrow. The first indications were that the pronouncement had no impression on the strikers.

The New York Central announced that the freight situation is so improved that the embargo is partially lifted.

At Washington, employees at the Potomac yards have returned to work. Cleveland and Detroit however, both reported that wide spread industrial shut-downs are imminent. Chicago dispatches indicated a speedy disintegration of strikes in Central and far West.

Big Bill Haywood, I. W. W. leader, disclaimed any connection with the strike but openly admitted it fitted well with "one big union" idea.

(By Associated Press)

Washington, April 16—The Railroad Labor Board today perfected a temporary organization at the initial meeting here to take up wage claims of two million workers. Henry Hunt, former mayor of Cincinnati, was chosen chairman, and G. Wallace Hanger of this city, secretary. Both are members of the public group.

The wage dispute as it stood at the breaking up of the bi-partisan conference here two weeks ago, was submitted to the Board.

Cleveland, O., April 16—Representatives of 500 Pennsylvania yardmen today voted to remain on strike. Except 300 who returned to work, this leaves the ranks of the Cleveland strikers unbroken.

Jacksonville, Fla., April 16—Switchmen on the entire Florida East Coast railroad struck today.

NORMAL TEAM WINS SEASON'S OPENER

Merciless Walloping Handed To Paint Lick Aggregation on Local Grounds Thursday

The members of the base ball team at the State Normal School Thursday afternoon had the work out of their lives when they started in to wallop the aggregation representing the high school of Paint Lick. The local boys lined up with Captain Callihan in the pitcher's box, and Gray catching. It was soon apparent that Paint Lick was not in the running, when one after another of the home boys just hit and ran until they were tired. The visitors were allowed to come to bat only at the pleasure of Callihan and his crew. They were not able to make it interesting and called for volunteers.

The team of the visitors was strengthened by James Lackey going into the pitcher's box and Alvin Holdcraft, a former student at the Normal, catching. This evening things up fairly well, although when the ninth inning was reached all were tired out, and there were 17 runs to the credit of the Normal boys while they allowed the visitors an unlucky 13.

It was the first game for each of the teams this season but the manager of the visiting team said that he never expected to meet such a stiff aggregation. The local boys have been practicing but little, which adds to the credit of their play.

William Burnam, of this city, was another called upon to fill a position on the visiting team in order to save a portion of the day. He played in his old time form, so his friends say, and his work will be watched in the future with interest should he be lined up against the student team.

But little attention has been given to base ball this season by the boys, according to Captain Callihan, but he claimed that there would be a most interesting series of games later in the season. The next game will be played at the local grounds and the opposing team will be either Stanford high school or the Millersburg Military School team.

Captain Callihan, of the Normal said today that he did not expect to make such a brilliant start, and that he had an "abundance" of good material and that if necessary, he could strengthen his team very materially.

Since the showing made, the players themselves are recognizing the fact that they stand a favorable show of making an enviable reputation this year, and it is expected that the players representing the Normal will be the strongest since the establishment of the institution.

Business Manager, F. C. Gentry, of Normal, was called to witness the slaughter of the visitors, but he was unable, he said, to remain throughout the game, since the home boys performed their work so easily, "mercilessly," and with an apparent relish.

WOUNDS FATAL TO ALLEGED GUNMAN

James Hall, Baldwin-Phelps detective, who was shot during trouble at the Banner Forks mines recently, and who died later in the hospital at Pineville, where he was taken, is said to have confessed there that he killed 23 men. He is said to have given a vivid account of some of his earlier operations in this and other sections of the country. He came to Pineville some time ago and soon gained a reputation as a "gun man," it is said. He was a resident of Norton, Va., where he is survived by a widow. The latter has been informed of the death of her husband, and was in attendance at the short funeral services held at Pineville before the body was shipped to Norton for interment.

During the time the body was in the undertaking establishment, it is said that there were persistent reports that Hall was still alive. Subsequent reports were to the effect that the detective was being shipped out of the country alive, and many persons went to the morgue to view the body.

ELLEN SCUDDER HAS HEAVY LOSS

When Fire Guts Her Bakery and Destroys Rugs And Much Cake Material

Thursday night at 8 o'clock, fire damaged a small building used as a laundry and bakery at the home of Ellen Scudder, colored, on Parrish avenue, to the extent of \$300. Ellen, who is one of the best known colored women in town and a famous cook and caterer, stated that the fire, which started evidently from the laundry stove, had gained good headway before being discovered. A telephone call brought the department and the firemen had a stiff fight on their hands, preventing the flames from reaching the Scudder home adjacent. A line of hose was in play immediately upon their arrival, but the frame structure was soon reduced to ruins.

Firemen, in speaking of the fire stated that they were hindered in reaching the scene of the fire as a result of drivers of vehicles failing to give them the right of way. Truck driver Nelson stated that this was often the case, and that in some instances, not only accidents, but the practice occasioned much delay.

"I nearly collided with a half dozen autos and trucks, in going to that fire last night," said Driver Nelson today, in discussing the situation. "The public don't seem to understand that it is for the welfare of both the people and the property that we get to a fire in the shortest time possible."

In addition to the loss of the building, which was gutted, Ellen lost a number of her best rugs and draperies, which she had stored on the second floor of the building; also about 100 pounds of best flour and more valuable still about 100 pounds of sugar, which she had on hand to use in baking her famous cakes.

DR. BOSLEY LOSES BROTHER-IN-LAW

Dr. and Mrs. J. G. Bosley are in Lebanon today attending the funeral of Benjamin S. Elroy, husband of a sister of Dr. Bosley, who succumbed to paralysis, the second stroke suffered within three weeks. Dr. and Mrs. Bosley will return home Saturday. Mr. McElroy was past 80 years of age and was known to many in this city, as was his daughter, Miss Mary Burton McElroy, who has visited here frequently. Friends in Richmond are extending sympathy.

S. S. WORKERS MEET

This afternoon at 1 o'clock at the First Christian church, Superintendent John Howard Payne, of the Madison county Sunday schools presided over a meeting of many of the superintendents of the schools for the purpose of promulgating plans for Go-to-Sunday School Day, May 2.

RAIDS ON TOBACCO BEDS IN CHRISTIAN COUNTY

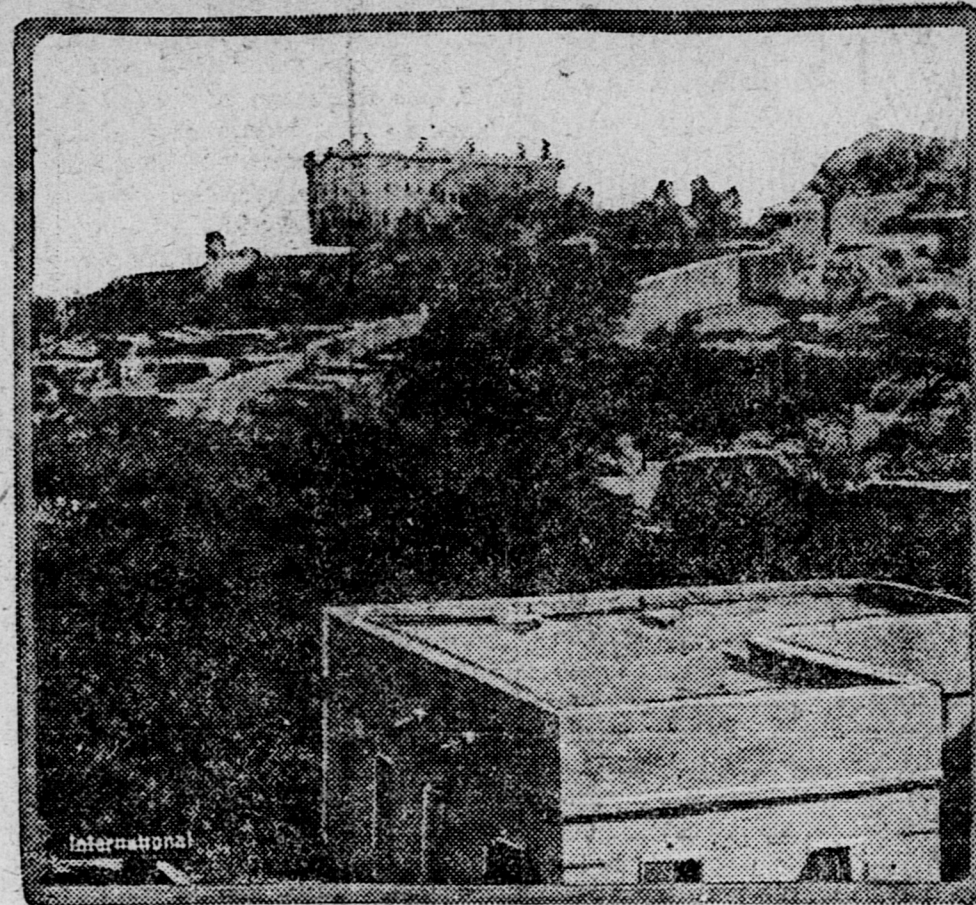

Hopkinsville, Ky., April 16.—The destruction of three tobacco plant beds in the Bennettsville section of Christian county and a warning to farmers in Stewart county, Tenn., that they must not sell their tobacco at present prices, are instances of a revival of night riding in this section.

The plant beds were the property of Tom J. Brown, Asa Combs and Dave Nunn, and they were destroyed by being sowed with red top clover seed. In Stewart county, it is said, a number of farmers have been called to their doors at night and warned that they must not sell their tobacco till prices advance. All the planters visited obeyed the warning, it is claimed, and all stated they did not recognize any of the men who visited them. There have been no acts of actual violence reported.

THE MARKETS

SCENE OF MASSACRE OF MANY ARMENIANS

View of Marash, Cilicia, where the Turks, after fighting the French garrison, massacred thousands of Armenians. More than half the town was burned. On the hilltop is seen the Near East Relief mission compound, where American relief workers were besieged for three weeks.

BUT ONE ARREST WITHIN FORTNIGHT

There has been but one arrest during the month of April thus far by the local police, a record much better than that last month, when, at the half way period, there had been more than a dozen arrests. "If there is a continuation of this, the month will be a banner one," said Chief of Police Claude Devore. Records show that even the month of February, although shorter, showed a greater activity upon the part of the police. The officers state that they are well pleased with this manner of conducting business, and one of them ventured the assertion that everybody was too busy to get into trouble. During the past twelve months, there has been but one instance wherein there were not more arrests made by the middle of the month than during the present month.

FOX HOUNDS OFF FOR CANAL ZONE

J. L. Kanatzer Reports That The Demand Is Far In Excess Of The Supply

A brace of the noted Walker fox hounds, bred at the kennels of J. L. Kanatzer, living on the Jackson Creek pike, were started Wednesday for Ancon, Canal Zone. This is not the first consignment of valuable canines to be sent there from Richmond and vicinity.

The recipient is Fred E. Bodkins, who has been in the far south for several years. He stated in a communication to Mr. Kanatzer, that he had heard from various quarters of the southern country of the reputation of the Madison county hounds, and that he would be glad to be the possessor of a pair.

"The demand is greater than the supply," stated Mr. Kanatzer, speaking of the shipment. "The dogs for which there is at present an unprecedented demand, are about two years of age. They are bringing a fancy price, and will be followed by other shipments later, which they have been ordered."

Three other young hounds from the same kennel are en route to Chilton, Tex., where the purchaser is preparing to give them special training for southern work.

Call Issued To Mayors

HE WAS ALMOST FORCED TO QUIT

Toledo Man Was Hardly Able To Work But Is In Splendid Health Since Taking Tanlac

Statement after statement is now being made about Tanlac, the medicine that is being discussed and distributed throughout the United States and Canada and which is accomplishing so much good among all classes.

J. C. Richards, who has followed his trade as plasterer and lather in Toledo for thirty-five years and lives at 4 Hyde Place, in relating his experience with Tanlac a few days ago said:

"I did not believe half they were saying about Tanlac until my wife persuaded me to try it, and now I don't doubt anything good I read or hear about it. Why, this medicine has relieved me of a case of what I call 'traveling rheumatism' that had gotten me to where I was hardly able to work. At times it was agony for me to use my arms, then the pain would get into my legs, making it difficult for me to walk. Besides the rheumatism my kidneys were in bad shape, and there was the worst sort of pain in the small of my back nearly all the time. For the past year especially I was always so stiff and aching in the mornings that it was an effort for me to get out of bed and in the evenings after my day's work I would just come dragging in home all played out and feeling miserable. At night I would just fall over into the bed with my back hurting me so bad that it was impossible for me to stoop over and unlace my shoes. My nerves got so bad that I seldom had a good night's sleep and lost weight until I wasn't much more than healthy looking."

"In fact, I was just about ready to give up and could not have held out much longer in such a condition. I had heard lots of Tanlac, and I noticed some improvement from the first and now I am a well man. I am sixty-five years of age but I can get around with about as much ease as if nothing had ever been the matter with me. The rheumatism is gone I believe for good as I never feel it any more; my appetite is better than it has been in years, and I can tell from the way my face has filled out that I have gained considerably in weight. In fact, my improvement has been so great that my friends are often remarking about how much better I look."

Tanlac is sold in Richmond by Stockton & Son.

WORLD CHURCH MOVEMENT HERE

Madison Christian Churches Send Big Delegations To Meetings Now In Progress

Despite threatening weather there was a large attendance Friday afternoon at the first meeting of the members of the Christian churches of Madison county in Richmond, where the last of the special meetings of the teams working in this part of the state were held.

Ministers, church members and church workers began to arrive in the city at an early hour, and the delegation having in charge the meetings here arrived from Cynthiana at 11:30 o'clock. Those in charge of the conference here were: Rev. Joseph D. Armistead, of Cynthiana, who will address the final meeting Friday night; Mrs. Ida Withers Harrison, of Lexington, and Rev. Howard J. Brazelton, of Stanford.

One of the features which has characterized the meetings thus far, is the unusual attendance. Rev. Armistead stated upon arrival. He as well as the other members of the team reported that they were more than pleased with the response which has been made to the call, and found upon their arrival in Richmond that the final meetings were to be characterized by a large attendance. This will be the final work of the team which has been working in this and other immediate sections. The members feel highly gratified thus far, and believe that they will have a most favorable report to make when the conferences are closed.

The Christian church was filled at the opening meeting Friday afternoon and the work was outlined by Rev. Armistead, who presided. He explained the aims of the movement, and spoke at length upon the ultimate good results.

At the Friday night meeting, members of the local church will be much in evidence, when they will hear some interesting talks relative to the progress of the entire work, as far as it has progressed, and of the future movements regarding the Disciples World Movement. Supper will be served, and there will be a big attendance, according to reports from the outlying churches, from every part of the county. The gathering will be one of the largest that has been held in Richmond by this denomination in years, leaders claim. Members of the local church were busy during the day receiving the visitors and the entertainment, which began early, will continue until the close of the meetings.

Movement looking forward to a fund for the propagation of the plans will be in evidence on May 9, when the work of making the collection will start, and continue until May 16. From the indications at present, one of the members of the team said today that there would be no difficulty experienced he believed in raising the various quota assigned and that the future of the movement become brighter every day.

What! They Comin' Down?

(By Associated Press) Birmingham, Ala., April 16—A pledge to wear overalls in a fight against the high cost of clothing, was almost universally kept here today, the City Commissioners, judges on the bench, bankers, doctors, lawyers, and merchants functioned in denim, and men in all walks of life cheered each other in the movement. "This movement," said Circuit Judge Wm. Fort, adding "it will bring down the high cost of clothes." Some retail merchants advertised "bargain sales" in men's wear today.

Friendly Invasion Sought

(By Associated Press) Washington, April 16—Mexico has asked permission of the United States to move troops through American territory to Douglas, Arizona, and across the boundary to Agua Prieta, where a movement to attack rebels at Hermosillo is to be undertaken. There has been no action on the request.

"BRAINS" OF BOOZE

ROBBERS ARRESTED

Frankfort, Ky., April 15.—The fine leader in the St. Louis robbery has been arrested by police officers here.

Sterling Johnson, Lexington was arrested yesterday on charge of complicity in theft of whisky at Stamp-

ing Ground. Two of the boys held declared he "put them up" to the dealing and then bought the whisky from them, officers say. Johnson was released on \$2,000 bond. His hearing was set for Monday.

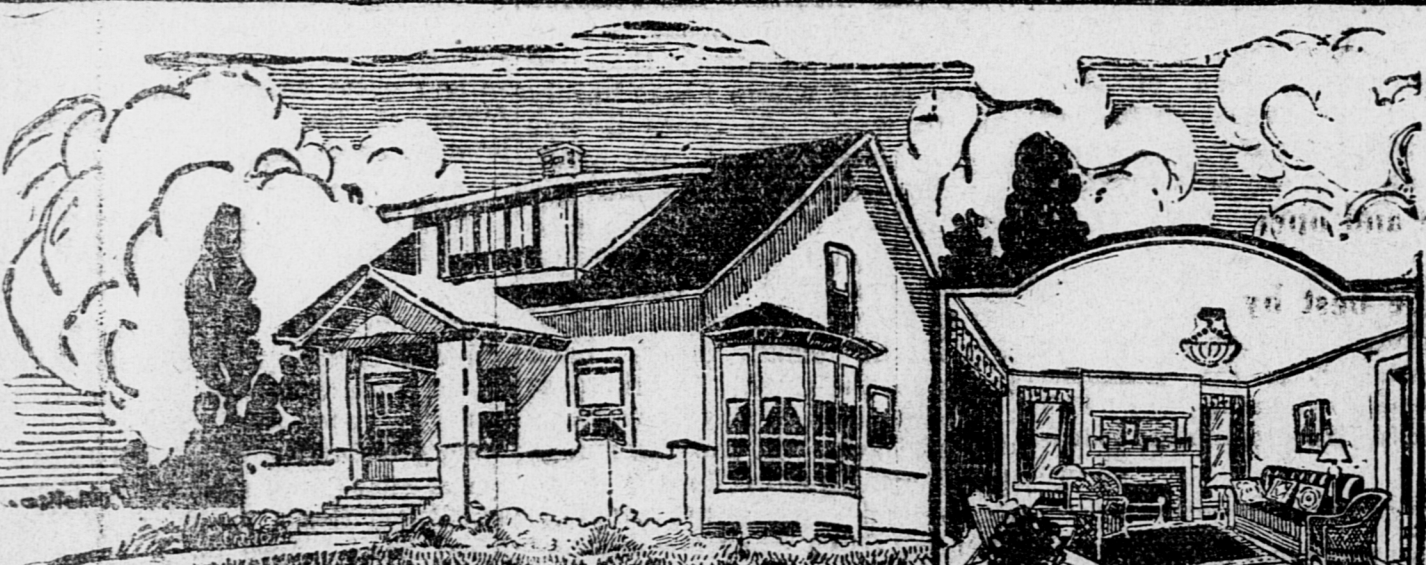

Forrest Davidson and Clinton Lucas. Stamping Ground youths, were brought here last night and released

on bond. Arrests now total eight. How much liquor was stolen has not been determined, but only fifty of 163 barrels have been accounted for so far.

Beckham For Chairman

James B. Brown, of Louisville, the famous young banker and democrat thinks an uninstructed delegation to the National convention would do more for harmony in Kentucky democracy, than instructions for any candidate. A typographical error yesterday made it appear that he favored instructions for some candidate. The Louisville Post quotes Brown as follows:

"The first thing for the Democrats to consider is party harmony." "I believe that uninstructed delegates will assist party harmony more than any other thing will assist it. If the delegates are sent to San Francisco uninstructed, they will leave Kentucky with no ill-feeling or rancor behind them. If, on the contrary, the delegates are instructed for some one candidate, those who favor any other candidate will feel injured, and the possibility of a serious rift will be in sight."

"The race this fall in Kentucky is to be made by Senator Beckham for re-election. The campaign is his campaign, and he should have the right to sound the keynote in the opening speech at the convention. Senator Beckham should be named as temporary chairman of the convention. It seems to me that anyone who has the interest of the Democratic party at heart this next fall would not think of suggesting opposition to Senator Beckham, for temporary chairman of the convention. He is the only man who should fill that place."

Whether or not Kentucky instructs for some candidate for the presidency, there can be no argument over the suggestion that Senator Beckham should preside as temporary chairman of the convention and sound the keynote address to the party.

Who's Putting Up All This Money?

New York, April 15.—Engraved invitations were issued today for a Republican "week-end" in Atlantic City for "Republican authors, artists and publicists, old and new, orthodox and converts, veterans and novices."

"A word of explanation," accompanying the invitation said that all expenses from New York to Atlantic City and return would be taken care of by the party. Arrangements will be made for a two days' stop at a hotel, where there will be dinner and entertainment. A special train will leave New York Saturday, April 24, and return the next day. SPRING FEVER

Following Colds, Grip or Flu,
Thin, Watery or Poisoned Blood
(By Dr. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Alton Park, Tenn.—"Dr. Pierce's Golden Medical Discovery cannot be excelled as a tonic and blood purifier. I have taken it as a spring tonic and to purify the blood and it was excellent. I also found it good for stomach trouble. And Dr. Pierce's Pleasant Pellets are a fine system regulator. I found them especially good for constipation and bilious attacks and they also tone up the liver and drive impurities from the system in a very mild way."—J. S. HUGHES, 114 Rogers St.

CLARK FARM BRINGS \$401

The Calmes place on the Boonesboro pike in Clark county was sold by Master Commissioner, J. A. Boone, to Mrs. Charles Smith of Clark for \$401.00 per acre. The tract containing 175 acres, and one of the best farms in

Clark county, is in a high state of cultivation. Mrs. Smith owned at one time a part of the Calmes farm.

In 2000 Counties This Month

The Forces of the Church of Christ
Will Gather to Face the Facts.

IN 2000 counties in 36 states the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. The charts and maps will amaze you. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys the program of the Interchurch World Movement is being built.

What the Movement Is.

This movement is a clearing house for the activities of the "forward movements" of 30 denominations. It is the basis of co-operation for the churches of America in a mighty effort to face the facts revealed in the surveys which are being conducted by the movement.

You, as a minister of the Gospel, or earnest layman vitally interested in the upbuilding of God's kingdom on earth, should know the task which lies ahead and the part which the Interchurch World Movement is to play in facing the situation.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

The Richmond Welch Co.

comes to Richmond and Madison County to render a service. We know that any good business and every successful career must be based on giving value received.

We do not come in any phenomenal capacity nor do we expect to interfere in any way with the business of any other man or company. Our coming, if successful, will prove a decided benefit to every business in Richmond and we are optimistic enough to now state that we can and will be a real factor in the helping of every business man make Richmond what she ought to be.

We expect to bring people to Richmond who have been in the habit of going elsewhere. To create new business through new desires, by carrying merchandise not heretofore carried.

Our business is to construct and not to destroy. How do we expect to do these things? Our answer is simple.

Richmond is entitled to an assortment of merchandise as large and complete as any city in our state with the possible exception of Louisville. This we intend to give it. We cannot do so in a day but steadily will we bring it about. Honest merchandise at an honest price with a wonderful assortment from which to choose and operated under modern business methods calculated to do the best by the most. Such service we intend to render.

No. 1 of a series of articles appearing in the Daily Register on the policies of The Richmond Welch Company.

No, Bill, I wouldn't take a thousand dollars for it.

THAT'S what users say about Delco-Light, the complete electric plant.

Levi Stout, Coffee Creek, Montana, says: "I would not take \$2,000 for my Delco-Light if I could not get another."

Albert Knoepke, Moccasin, Montana, says: "I would rather quit the ranch than do without Delco-Light."

Why are these men so enthusiastic?

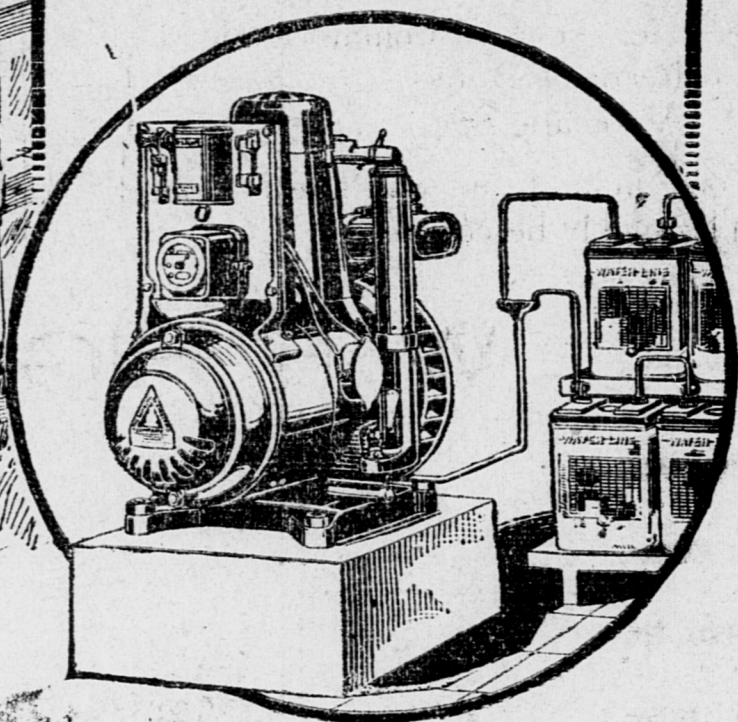

It's because Delco-Light, with its successful air cooling, its one place to oil, its kerosene burning engine and production of four kilowatt hours of electricity per gallon of fuel, gives them maximum service with minimum attention.

The experiences of more than 75,000 satisfied users prove these things to be true of Delco-Light.

Delco-Light brings to your farm or country home every comfort and convenience of the most modern and up-to-date city residence.

Write, phone or call for catalog, prices and further details.

Madison county Delco-Light users are just as enthusiastic over this system as they are in Montana.

LIKE NEW MAN AFTER MAKING 28-POUND GAIN

Remarkable And Convincing Story Of Trutona's Restorative Powers Told By Mr. Lee

Louisville, Ky., April 15—"I'll swear by Trutona and I never expect to be without it again." And why shouldn't I? After I had spent hundreds of dollars for other medicine, one bottle of Trutona did me as much good as all the rest put together. It placed my system in perfect condition and I've gained 28 pounds in the bargain." In his own words, the foregoing is what Trutona, the Perfect Tonic, has done for Harry Lee, an employee of the Seelbach hotel, who lives at 1661 Gallagher street, Louisville.

"Stomach trouble together with the after-effects of an attack of pneumonia caused a general breakdown in my health," he continued. "I became constipated and suffered headaches. My appetite was very poor, it seemed I never wanted anything but a cup of coffee. In didn't sleep well at night."

"Well sir, I weighed only 130 pounds when I began using Trutona but today I tip the scales at 158—a gain of 28 pounds. And I feel just like a new man, too. My constipation has been relieved. I haven't had a headache for weeks and my former nervousness will stand. I'm full of life now, enjoy my work and I know I'm in perfect physical condition. My father-in-law and my thirteen-year-old son also took Trutona and it helped them greatly. My boy's strong and healthy and gaining weight now."

Trutona is sold in Richmond at Richmond Drug Co.

HOUD JOURNAL WILL BE ISSUED

Quite a number of Madison county fox hunters have taken stock in "The Chase" a new fox hunting journal to be issued at Lexington. It will be devoted entirely to hunting with the hound. A stud book together with the rules governing it will be issued also. It will be highly illustrated journal and, it is believed, greatly add to the interest of the sport here and elsewhere.

It is claimed by the publisher that the influence of the periodical will lend every assistance to hunters to prevent legislation that tends to injure the sport. The reporting of the leading field trials throughout the country will be one of the features of the news columns. S. L. Wooldridge is President and J. M. Kimbrough will be editor.

WHY BE DULL AND LAUGUID THIS SPRING?

"Spring Fever" Is Natural, But Not Necessary—It's Due To Sluggish Blood

Keep Feeling Your Happiest

Purify And Tone Up Your Blood With That Famous Tonic, **Pepto-Mangan**

Do you seem unable to do any work, to concentrate, to take interest in things, during the wonderful Spring days? Do you feel just useless and "no account?"

Nothing is really the matter, except that, as happens every Spring, your blood is clogged—it is sluggish with poisons from its long Winter fight.

In time, your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down, listless people.

Feel your best. Have a fine color, and spring in your step. Be vigorous, happy, red-blooded. Get a bottle of Pepto-Mangan today. The nearest druggist has it, and in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

But be sure you get the genuine Gude's Pepto-Mangan. Ask for it by that name—"Gude's Pepto-Mangan," and be sure the full name is on the package—adv

\$1 A DAY BONUS FOR SERVICE MEN

A composite soldier relief bill granting adjusted compensation at \$1 for each day's service to approximately 3,000,000 former service men, will be reported to the House within a week. Chairman Fordney, of the Ways and Means Committee, has announced. Passage of the measure would be approved by the Senate before the conventions in June, should it be passed by the House this month.

With the elimination along with those who served less than 60 days or who were employed in shipyards or received from their employers the difference between their civilian in comes and army pay, the number of those eligible has been narrowed to approximately 3,000,000. Experts have informed the committee that the average service in ten months, making the average payment \$300 to each man. Those who were commissioned after serving as enlisted men would be paid on a basis of time served in the ranks.

No definite plan for raising necessary revenues has been decided upon, the plan most favored being a flat tax of not more than 1 per cent on all sales. Such a tax, the committee has learned from Treasury Department officials would net approximately \$1,500,000,000 or more than needed. It is expected that the other provisions of the original bill presented by the American Legion, granting priority in land settlements, home building aid and extension of vocational training also will be recommended.

Some members of the House believe the measure will not be passed by the Senate before the conventions. The attitude of both parties, they claim, will be announced at the respective conventions and final action will be deferred until after Congress reconvenes late in the summer.

Results That Last Are What Appeal To Richmond People

Kidney sufferers in Richmond want more than temporary relief. They want results that last—Results like Mrs. Edwards tells about.

Her's was a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine?

People here in Richmond have shown the way. Read the story of Mrs. W. T. Edwards, 308 Edwards Ave. She says: "I had weak kidneys and backache. I got Doan's Kidney Pills at Middleton's Drug Store and they made me feel fine."

OVER FOUR YEARS LATER Mrs. Edwards said: "Doan's Kidney Pills made a permanent cure for me."

The way the General Tire's reputation has grown into a National demand amazes nobody. On the "inside" in Akron, where there are no secrets, the General is undeniably great.

One of the chief features of the General's success is the way its reputation spread outside of Akron—by mouth-to-mouth from user to user, resulting in National recognition which it has won on its superior Quality.

Results made known by users themselves are the General Tire's greatest advertisement—the proof of its Quality.

The Garrard and Jessamine boys who are charged with breaking into the Dowling distillery warehouse at Burgin, will be tried in federal court here beginning April 26th. They are Bert Robinson, Russell Kines, R. C. Duncan, Logan Scott, Raymond Sagesar and Fred Watts. They were tried before U. S. Commissioner W. S. Lawwill at Danville for preliminary hearing. They are out under \$250 bail each. Judge C. T. Corn of Harrodsburg and Attorney John Welch of Nicholasville are representing the

accused. It is charged that the boys were well equipped for the task they had in hand. They had milk cans and land cans enough to remove 60 gallons of whisky. They had two pinelbars, a pair of heavy bolts or iron cutters; fifty feet of new rubber hose and a ball of twine. The twine was used to signal with. One of the party stood where he could watch the movements of the storekeeper and was supposed to pull the string to signal the workers.

What's a "Fair Price"

When you buy anything, you ought to be willing to pay at least what it cost to produce it; plus a margin of profit to the maker, and to the merchant who has brought the merchandise to you; where you see it, examine it, try it on, decide that it's what you want. The service rendered by the maker and the merchant are a part of what you pay for; you ought to pay for it willingly. If that service were not rendered there wouldn't be any merchandise here for you to buy. Now, we aim to charge for our clothes merely "fair" prices; fair to both of us. We're going to make a fair profit too. Our profit comes out of the money you pay us; yours comes out of the clothes you get.

Hart Schaffner & Marx clothes give you the greatest profit; they cost enough to be good clothes; all wool fabrics, perfectly tailored, smartly styled. They're the best clothes for you; that's why we sell them.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Something Good in the way of Automobiles

Is the best for pleasure or the best for business.

ECONOMICAL—To the last degree.

STANCH—As can be built.

COMFORTABLE—More so than the rest.

EQUIPMENT—Everything you possibly need.

QUALITY—The very best.

BEAUTIFUL—As it can be made.

PRICE—Which counts most these days. Within reach

of all—\$1125. Delivered. These features

make up the **DORT**

Let us show you. See W. H. Grider or E. H. Sandlin, agents.

No. 2 Cabinet
\$100.00

45 in. High; 19 in. Wide; 22 in. Deep

Prima Donna
Phonograph

No. 3 Cabinet
\$125.00

50 in. High; 22 in. Wide; 23 in. Deep

The Prima Donna plays all disc records—Edison, Victor, Pathe, Columbia, Emerson, Lyric, etc. without changing the attachment. It is equipped with a clever new tone modifier; any record played loud or soft, at will. It will not scratch or damage any record but instead it plays all records with a suprisingly clear, mellow tone, because its every detail is perfect in mechanism and construction. Come in our store and hear a phonograph that is more than a talking machine. The Prima Donna is at it best when it speaks for itself. We have only two left from the last shipment.
